Dear Friends,

Rotary is a name that you must have come across many times in the social, community and service circles.

An organisation that is 115 years in existence, Rotary International has partnered with the Governments of the world to address issues and challenges that are common and need an organisation present in all countries with skills and membership of over 1.3 million.

Rotary Club of Bangalore Junction is focusing on "Happy School" an effort to facilitate better environment, hygiene and introduce modern learning for the Students and training for the Teachers. This program is one of the main service projects of Rotary India Literacy Mission and the priority of our State and Central Government.

Through "The Happy School" initiative, we will be providing,

- FILTERED DRINKING WATER
- HAND WASH STATIONS
- CLEAN TOILETS WITH RUNNING WATER
- TABLES AND BENCHES IN THE CLASSROOMS
- LIBRARY WITH BOOKS
- SCIENCE AND MATHS LAB
- E-LEARNING MODULE BASED ON THE STATE SYLLABUS IN ENGLISH AND KANNADA
- TRAINING AND MOTIVATING TO ACHIEVE STANDARD TEACHING PRACTICES

We plan to reach 100 Government Schools to provide the above facilities and create a conducive atmosphere for unindhered learning for every child studying in these institutions.

Though all of us carry the spirit and intent to serve and contribute, we find it a challenge finding the right organisation to fund and see the results, reaching the intended goals as most of the service organisations have a huge expenditure on Administration.

We at Rotary Bangalore Junction, assure you that the funds that are collected will be used for the purpose and there will be NO OUTGO ON ADMINISTRATION AND OTHER COSTS.

We request you to support us with your financial contribution to help us in the noble endeavour. We will share a detailed presentation on the above on your request.

Thanking you on behalf of the 125 members of this service and result oriented organisation.

Velu B Pethi

President of Rotary club of Bangalore Junction 20-21
